BIG SEABOARD CASE

Suit Brought By Capt. J. D. Bowen Against Railroad Begun Yesterday Morning.

IN SUPERIOR COURT HERE

Question of Actual and Punitive Damages—Jury Selected After Many Talesmen Were Called and Evidence Begun.

All day yesterday in the New Hanover Superior Court was taken up with the selection of a jury and the beginning of the hearing of the $50,000 damage suit brought by Captain John D. Bowen, of this city, against the Seaboard Air Line Railway Company for personal injuries received by the plaintiff in the wreck of trains near Hamlet, N. C., last July a year ago. The morning session was taken entirely up with the reading of the complaint and answer and the empanelling of a jury to pass upon the issues. During the afternoon a number of witnesses including the plaintiff himself were heard and the trial will be resumed this morning when court reconvenes at 9:30 o'clock. The case will hardly get to the jury before Saturday morning or afternoon so that it is well nigh impossible to reach any other matters at this term.

Immediately upon the convening of court the tedium of selecting a jury was begun. The special veniremen and the regular panel for the week was soon exhausted and deputies were dispatched outside the court room to provide additional talesmen. Messrs. Bellamy & Bellamy and Herbert McClammy, for the plaintiff, and Messrs. John D. Bellamy & Son and Davis & Davis, for the defendant railroad company, soon exhausted their peremptory challenges and made a great many for cause. The jury was finally passed by both sides shortly after the noon hour as follows: H. B. Martin, John Thomas, J. T. Kerr, J. F. Mann, W. H. Darden, Jr., A. H. Benson, C. W. Worth, M. Bremer, F. W. Ortmonn, T. N. Thomas, J. W. Murchison and B. F. King.

The complaint was read by Herbert McClammy, Esq., and the answer by Hon. John D. Bellamy. Directly at the beginning of the case Judge Biggs sought information as to the punitive damages, which are alleged in the complaint as $25,000 and $25,000 actual. Judge Biggs intimated that under a decision of the Supreme Court the plaintiff could not recover punitive damages but he heard the attorneys on this point and later reserved his decision.

Judge Biggs held that before punitive damages could be imposed wanton negligence must be shown whereas under the contentions of the plaintiff in this case, a mistake of the dispatcher or operator was sought to be brought out.

Mr. Bellamy speaking for the railroad company practically made an admission that while the accident was due to the negligence of the road that there was no evidence of wantonness or malice on the part of any agents or employes of the road toward the plaintiff. Much was made of this admission on the part of counsel for the defence about the court room and it seemed to be admitted that the question at issue is the measure of damages that Captain Bowen is entitled to recover. If the issue of punitive damages is eliminated, then the verdict cannot exceed $25,000 as that is all the actual damages that are asked.

Captain Bowen, the plaintiff, was the first witness. He appeared in court on crutches and still walks with difficulty. He was on the stand about an hour just after the dinner recess, detailing the accident and the suffering that has been his since the accident. The cross-examination was by Mr. Bellamy, who seemed to shake his testimony but little, if any.

Mr. John S. Blake, traveling representative for Messrs. Burwell & Dunn, of Charlotte, who was seated near Captain Bowen when the collision came, was the next witness for the plaintiff and told of the accident and the suffering of the plaintiff both on the train and after he was removed to Hamlet.

Captain C. W. White, a Seaboard Air Line conductor, who was on the train which was wrecked, was the next witness and his testimony was largely as to the accident and the condition of Captain Bowen and his suffering from the injuries received.

Captain S. R. Davenport, a trackman for the Seaboard Air Line, was the fourth witness and told of physical conditions of the road with respect to the collision of the two trains and of the suffering of Captain Bowen.

Captain C. F. Whitted, formerly a conductor in the employ of the Seaboard, was the star witness for the plaintiff during the afternoon. It was Captain Whitted who was sent on an engine to overtake the freight train when it was discovered at Hamlet that a mistake had been made in the train orders and that the two trains were meeting head-on between Rockingham and Hamlet. It was impossible for Captain Whitted to overtake the freight and the accident was not averted. Later the train dispatcher and the operator who received the erroneous order will be brought to Wilmington to testify in the case, so it is stated by the attorneys engaged in the suit.

Captain Oscar Matthews, another Seaboard conductor who was on Captain Bowen's train on his way to Atlanta, was introduced for the plaintiff and told his version of the terrible wreck.

The last witness before a recess for the day was Captain J. M. Hunt, conductor of the freight train, No. 39, which went head-on into Captain Bowen's train. He told of the rules for the operation of trains and of the alleged mistake which sent the two trains together.

Upon the adjustment of court an order was made for the physical examination of the plaintiff by the chief surgeon and the division surgeon of the Seaboard Air Line, who are here to attend the trial. This examination will be made by them with Dr. T. S. Burbank, the local surgeon, and in the presence of the physicians for the plaintiff, Drs. A. H. Harriss, T. M. Green and F. H. Russell. These will later give expert testimony as to the injuries of Captain Bowen as they now affect him. Dr. Russell, who attended the injured man from the day he was brought home here from Hamlet the day after the wreck, will also testify for the plaintiff.

In addition to these there will be many other witnesses for both sides so that it is expected that the evidence in the case will require all of today for completion. The evidence in the case is being taken by Mr. Meares Harriss and copies of it are being furnished to the attorneys after each day's sitting as far as possible. This is a great convenience and will greatly facilitate the trial.

The only other proceedings in court yesterday was the continuance until next term of the cases of Joseph Outlaw against the Creveling VanDyke Company, a personal injury case, and F. S. Royster Company against the Willard Bag and Manufacturing Company, a suit on contract for failure to furnish fertilizer bags upon the recent burning of the company's plant in this city.

FINANCES OF THE COUNTY

Auditing Committee of Board of Commissioners in Regular Monthly Session Yesterday Afternoon. Statement for September.

The Auditing Committee of the County Commissioners was in regular monthly session yesterday afternoon but the business transacted was of no special interest, other than the auditing of the Treasurer's monthly statement which is given below. Members present were Commissioners Robertson and Vollers the first named acting as chairman. The report of Treasurer Green showed receipts and disbursements of the public fund during September as follows:

Receipts—Balance on hand, General County Fund, $15,678.11; Special County Fund, $366.20; Road Fund, $18,495.02; Road Sinking Fund, $8,635.69; W. R. Total, $14,918.84.

The balance to October account is $45,479.74 divided to the several funds as follows: General County Fund, $366.20; County Road Fund, $26,961.95; County Road Sinking Fund, $8,695.22. Total, $45,479.74.

Their Mother Dead.

In response to a telegram announcing the serious illness of their mother, Mrs. Martha A. Windley, at the home of her daughter, Mrs. Carmer Taylor Cordon, in Washington, N. C., Messrs. Ralph, Robert and John J. Windley, of this city, left yesterday morning to be with her. Later a telegram came to relatives that Mrs. Windley had passed away. Mrs. Windley was 65 years of age and was the widow of the late Rev. R. B. Windley, of the Episcopal Church, formerly located at Southport. Until a few years ago, Mrs. Windley resided with her sons in this city and she has many friends here who will hear of her death with keen regret. The bereaved ones have the sympathy of the community in the loss they have sustained.

To Join Capt. Slocum.

Mrs. Slocum and daughter, of Philadelphia, have arrived in the city and are guests at The Colonial Inn. They came to join Capt. Slocum, of the schooner City of Georgetown, which arrived yesterday from Philadelphia, with a cargo of coal which is being discharged at Southport and at the plant of the Ocean Fisheries Company.

RALEIGH ELECTION

Question of Dispensary or Prohibition Agitating Minds of Wake County Folks.

TOBACCO DAY AT STATE FAIR

Supreme Court Opinions Deferred. Dispensary Profits Large—Governor Down at Snow Hill, Greene County—Notes.

(Special Star Correspondence.)

Raleigh, Oct. 10.—Advocates of prohibition are getting very restless here over the situation as to the movement for holding an election late in December on "porhibition" and "dispensary." The petition for such an election has been in the hands of a committee of the board of aldermen for some time without a report being made on it, and there is a growing conviction in the minds of the leaders for prohibition that the report is being purposely delayed in order to defeat the calling of an election this year at all. The committee, of which J. Sherwood Upchurch is chairman, declares however, that the committee is using all the dispatch possible and that the delay now is really on account of the absence of Alderman Taylor, an important member of the committee, from the city. He is in New York and is expected back now any day. Alderman Upchurch says the committee intends to compare the list of signers to the petition with the tax books in the sheriff's office and see that all have paid their taxes as they are not qualified if they have not. The impression is general here that notwithstanding the fact that the dispensary is earning big revenues for the city and county and greatly reducing the general tax rate, an election will result in a sweeping victory for prohibition as prohibitionists and saloon men are alike in favor of prohibition, and the temperance advocates who have all along supported the dispensary will be forced in line to vote out the dispensary when their conviction is that the dispensary is far preferable to the blind tigers that are expected by the saloon element to soon weary the community of prohibition and bring around again open saloon conditions.

A charter is issued for the Realty and Securities Company, Hendersonville, capital $5,000 by J. F. Rowland, Charles A. Hobbs and others.

Governor Glenn is at Snow Hill today to deliver an address in the interest of a prohibition election to be held there soon.

The report of the manager of the Raleigh dispensary for the quarter ending September 30th shows sales aggregating $67,473.

The condition of T. K. Bruner, secretary of the State Board of Agriculture, is reported slightly improved today. He is still very ill.

Last evening was the regular time for the weekly delivery of opinions by the Supreme Court, but this was deferred until later in the week on account of the absence of Associate Justice Geo. H. Brown, who is detained in Washington, N. C., where he and Mrs. Brown went to attend the funeral of Mrs. Brown's sister.

Announcement is just made that Friday of State Fair week here, Oct. 18th, will be "tobacco day," and tobacco growers and manufacturers, especially the growers, are expected here on that day from all over the tobacco sections of North Carolina, to discuss the situation. One of the principal speakers will be J. O. W. Gravely, of Rocky Mount, secretary and grand lecturer for the North Carolina Tobacco Growers' Association. There will be other speakers.

(Special Star Telegram.)

Raleigh, N. C., Oct. 10.—The Supreme court delivers opinions in fourteen cases and variously disposed of twelve others. The appeal of most general interest decided is Collie vs. Commissioners, from Franklin county, testing the right of the county commissioners of a State to over levy a special public school tax for maintaining schools four months in the year as a necessary expense under the constitution. The opinion just rendered is by Associate Justice Geo. H. Brown, and reverses the rulings in the noted cases of Barksdale vs. Commissioners in 93 North Carolina and Board of Education vs. Commissioners of Bladen III, N. C., reports. The court holds the commissioners must observe that none of this tax can be allotted to districts or towns where there are schools already by reason of special tax or otherwise enjoying a four months schools, nor are they to be taken into account in estimating the amount of general county tax additional necessary for this purpose. A full list of opinions follows: Raleigh Real Estate and Trust Company vs. Adams, Wake, no error; Mangum vs. Railroad, Wake, no error; William vs. McAyden, Sampson, affirmed; Ormand vs. Insurance Company, Lenoir, affirmed; Webb vs. Borden, Lenoir, affirmed; Bland vs. Beasley, Pender, affirmed; State vs. Herring, Pender, no error; Horton vs. Seaboard Air Line Railway, Vance, affirmed; Swindell vs. Latham, Beaufort, new trial; State vs. Toler, Craven, no error; State vs. Dowdy, Craven, no error; Pope vs. Telegraph Company, Wake, per curiam affirmed; Bond vs. Edenton, Chowan, appeal withdrawn; Brown vs. Seaboard Air Line Railway, Cumberland, appeal dismissed by consent; Boyette vs. Southern Railway, Johnston, appeal, withdrawn; McNeill vs. Seaboard Air Line, Robeson, appeal withdrawn; Stanland vs. Raybon, Brunswick, dismissed under rule 17; McNeill vs. Toler, Robeson, dismissed under rule 17, Railroad vs. Gossler, per curiam dismissed; Green vs. Williams, Craven, per curiam dismissed; Wescott vs. Smith, Brunswick, per curiam affirmed on authority of Walker vs. Carpenter, 114th N. C.; Bowser vs. Wescott, this term; Mathies vs. Lumber Company, Sampson, per curiam affirmed; Penny vs. Chapman, New Hanover, per curiam affirmed.

TURF EVENTS YESTERDAY

Card of Wilmington Driving Association For the Afternoon Brought Out a Large Crowd of Track Devotees—The Winners.

The racing card of the Wilmington Driving Association yesterday afternoon served to attract a very large crowd to the race course at the old Fair Grounds, near the County Home. The attendance is said to have approached two thousand and to have been the largest of the season. The track was heavy after the rains of the night pervious, but all the events were pulld off in good shape and with but one untoward circumstance. One of the high steppers in one of the harness events got off his feet at the start and three times described the circle bounded by the course at a high run, being completely beyond the control of the driver. However, no harm was done and the race while not on the programme was enjoyed quite as much by the crowd as it was by the driver. The horse was, of course, ruled out of the heat and does not figure in the results as announced by the Association.

In the 2:30 class, trotting and pacing, Traveler was an easy winner of the half-mile heats in 1:13 1-2. He was owned and driven by McEachern. Barney, driven by Arringdale, was second.

In the 2:40 trotting and pacing, Queen, owned and driven by Dr. Caldwell, was the winner; time, 1:22 1-2 for the half-mile heats. Sir Hanna, driven by Wrede, was second with Poole, owned by Schloss, and Pet, owned and driven by Littig, other entries in the race.

In the 2:50 class, Bessie C., driven by Taylor, won; time, 1:22 1-2. "Jim," driven by Jones, was second, and Miss Wilkes, by MacMillan, third.

There were only two entires for the running races and Sorrel Bobby, ridden by Shepard, won over Lady Laundry; time, 57 1-2.

The officials of the race were Dr. T. B. Carroll, timekeeper; Mr. F. T. Mills, starter, and Messrs. Geo. H. Heyer and John H. Niggel, judges.

REV. MR. KEGLEY TO LEAVE

Resigns Pastorate of St. Matthew's to Go to Bluefield.

The entire church community of Wilmington will hear with intense regret that Rev. C. R. W. Kegley, after a prayerful consideration of the subject, has decided that it is in the line of his duty to accept the call recently extendend to him to become pastor of the Lutheran congregation in Bluefield, W. Va. While his Wilmington congregation at St. Matthew's English Lutheran Church could not bring themselves to an acceptance of the resignation tendered six weeks ago and urged at the meeting of the church again last night, it was decided to leave the matter entirely in the hands of Rev. Mr. Kegley and he has decided to go to the West Virginia call. The resignation of the popular pastor is even more regretted because it takes him away from the city so soon. He expects to leave the latter part of next week, accompanied by Mrs. Kegley, who has a great many friends in the city also. Their departure is regarded as a source of keenest regret to all.

At the meeting of the church last night there was a large congregation with the hope that it could be made to appear to Mr. Kegley that it was his duty to remain. Mr. Kegley reluctantly urged the resignation and called for a motion dissolving the pastoral relation. The church sat for fifteen minutes and there was no motion. Some member arose and stated that it would be impossible for a member of the congregation to make the motion desired by Mr. Kegley and after a word of prayer another member offered a motion to relieve the embarrassment, that the matter be left entirely in the volition of the pastor. This was carried and Mr. Kegley later stated that he would accept the Bluefield call.

—Colonel J. J. Crosswell, the popular Southern Express Company route agent at Fayetteville, was here yesterday, staying at The Orton.

CLOSE TO A TRADE

Nothing, However, Given Out From Water Works Conference Held Last Night.

MET IN MAYOR'S OFFICE

Committees Representing Owners of Present Plant, Board of Aldermen and Board of Audit and Finance—Another Conference.

Just why the people who recently voted the money to carry through the project are not taken into the confidence of those to whom they have delegated the power of expending it is not clear, but nothing is given out as to the result of the conference of committees representing the Board of Aldermen and Board of Audit and Finance and the Clarendon Water Works Company in regard to the purchase by the city of the plant of the latter, held last night in the Mayor's office at the City Hall. It was stated after the conference that those who composed the conference had voted to give nothing out as to the deliberations of the committees and while this may be all right and proper, the public was anxious to hear something definite from those who are handling the proposition on behalf of the municipality.

Several members of the conference were interviewed after the meeting but they each expressed regret at the injunction of secrecy upon them and said that it would all come out at a meeting of the Board of Aldermen to be later called to finally pass upon the question of amount and conditions of payment. It is known, however, that the city and water company are very close to a trade and that the amount is slightly above that previously offered, namely $140,000. The committee representing the water works company last night received favorably a proposition from the city, but asked for a little time to submit this later proposition to their stockholders, a called meeting of which will be held in a few days. Then the committee from the Board of Aldermen will receive an answer. If this is favorable to a purchase of the plant, a special meeting of the Board of Aldermen will be called to ratify the action of the committee. It was stated last night that this meeting of the Board of Aldermen would be held in a week or ten days as it was insisted upon the water company committee that their stockholders be convened at once and that the answer to the price tentatively agreed upon in conference be made to the city officials at the earliest possible date.

Another prominent member of the conference who was asked as to what had been accomplished said that he could say nothing but that the city and water company were "very close to a trade." This is regarded as very significant. The committee from the water works company at the conference doubtless knew the sentiment of their stockholders pretty well when the proposition was made to refer the offer to them. It is believed that the negotiations are about at an end and that the city will get the existing plant of the company at certainly not much, if any, above $150,000.

There were present at the meeting last night Mayor Springer, Aldermen Wood, Bolles and Karr, and Messrs. McQueen, Yates, McNair and Tiencken. Representing the Clarendon Water Works Company were President John F. Divine, Mr. George W. Kidder, Superintendent W. F. Robertson and Hon. John D. Bellamy, counsel for the company in its negotiations with the city.

FIRE LOSSES SETTLED

Wilmington Tobacco Warehouse Company Had Good Insurance.

The settlement of the insurance on the property of the Wilmington Tobacco Company, which owned the buildings and site upon which the Hannah Box Shook Company fire occurred Monday, was made yesterday with Mr. John D. Bellamy, Jr., secretary and treasurer of the company, the amount being much larger than at first supposed. The company carried $5,000 on the main building, $2,000 on the stemmery and $300 upon a boiler in the stemmery building. Of this amount $2,500 was with Colonel Walker Taylor; $2,500 with the Willard & Giles Co.; $2,000 with Colonel J. VanB. Metts, and $300 on the stemmery boiler with Colonel Walker Taylor. It is understood that 25 per cent. will be paid on the stock to all holders of record and that the site will be sold either for manufacturing purposes or may be cut up and sold off in building lots.

The Hannah Box Shook Company before the fire had purchased another site just in the rear of that of the warehouse company and it is understood the company will rebuild their plant on that site.

HAVE FRUIT ON THE FARM.

The Eastern Carolina News, of Rose Hill, could not have thrown out to the farmers a more valuable hint than this:

"It is surprising to see the scarcity of fruit trees in the country, and there is nothing that adds more to the home life than nice fruit throughout the year. In the central and western portions of North Carolina the farmers give a great deal of attention to fruit raising and the consequence is they are continuously supplying our territory with fruit when it might be raised here. Every farmer should have grapes, for everybody is fond of this delicious fruit. Aside from the pleasure of having these things, fruit is healthy when ripe and sound, and for this reason the habit of fruit raising should be encouraged. The farmer's life is naturally the most attractive of all and they should take every advantage possible to add to the attractions. There is something sadly neglected when a large farm looms up in the good old Summer Time without a fine lot of fruit of all kinds."

One thing which astonishes visitors to the country is the few if not the total absence of fruit trees and grape arbors. Our farmers not only do not provide their own families with fruits but grow nothing for the market. There is a large unfilled demand for fruit at home and in the large cities and every farmer should fill in his finances with a generous production of fruits. Many fruits which will flourish in eastern North Carolina are totally unknown. It should not be so. Let our farmers resolve to have good orchards, or else plant some kind of fruit tree in every spare corner.

There is nothing so advantageous to a farmer as a variety of production that will bring in cash at various times during the year. Plenty of fruits will sooner or later bring canning factories and they will take all the surplus not otherwise sold. Canning factories will also stimulate the production of fruits and vegetables. In this connection, the correspondent of the Eastern Carolina News writes from Rose Hill:

"Mr. O. Pressprick, who is with the O. Pressprick & Co., of New York, has been in our town for a few days organizing a canning factory to be erected in our town in the near future. The capital stock will be $10,000. This company will can all kinds of fruits, vegetables and produce. It will work somewhere between 75 and 200 hands. It will give our farmers a ready cash market for their vegetables and produce. It will engage all kinds of fruits and vegetables, paying good prices. Our farmers and business men are already taking stock and it is without doubt that it will be a success. This coming factory will be a home industry and everybody thinks we should have one and is taking stock in same. This is only another step towards building up our town. If all the enterprises that are now on foot are carried out successfully it will be only a short time before our town will be a small city."

It is truly remarked that this canning factory will not only be a great help to the farmers, but it will give work to laborers, make business for the merchants, and make an addition to the means of creating a prosperous community. Let every community have plenty of fruits and its canning factory.

THE SOUTH IS ALL RIGHT.

One of the healthy signs for the South is that great business concerns are investing capital and constructing plants with the utmost confidence in the future. The talk of "too much Populism in the South" is all poppy-cock. The real investor knows that he is welcome in the South and when he sees legitimate opportunities he seizes them. If others wait because of a hue and cry against so called antagonism to capital those business-like concerns who know what a good thing is when they see it will get ahead in the race for downright advantages and valuable opportunities. The business concern that wants to establish a business and attend to its business is welcomed in the South with open arms. The sentiment for progress and development is rife in the land and the sense of right and justice will be triumphant. The idea—if there is any real one—that there is going to be any genuine menace to legitimate investments in the South will vanish as soon as the dope gives out.

Among the great industrial concerns which are seeing opportunities in Dixie and are not letting any false alarm feaze them is Swift & Co., of Chicago and Wilmington. The Star adds Wilmington, for that company has established in Wilmington what is said to be the largest fertilizer plant in the world. If it is not that it certainly is a mammoth establishment and its business is largely adding to the commerce and business of our port. The same company is putting up a huge fertilizer plant in Charlotte, and while that is being erected still another is being constructed at Chester, S. C. The Charlotte enterprise has heretofore been spoken of in the Star, and this from the Chester Lantern gives us some idea of what is being done at Chester:

"It is understood that the plant which Swift & Co. is to build here will cost between $150,000 and $200,000. It is also understood that about 75 hands will be employed. It has been stated that this is only the beginning, that as the trade grows the plant will be enlarged and the number of employes increased. The location between three railroads, is ideal and there is no reason why a large and profitable trade should not be worked up in this territory. Chester's location as a distributing point is unexcelled in this country, and one main reason why this plant was located here is the splendid railroad facilities that Chester has. The work is to commence at an early date, as the intention is to have the plant completed by the first of next year and sell the fertilizer for another crop."

It is a pretty good sign for a town and its advantages when Swift & Co. pick it out.

BOLL WEEVIL IN MISSISSIPPI.

Cotton producers in the Carolinas will regret to learn of the continued advance of the Mexican cotton boll weevil towards the eastern portion of the Cotton Belt. A dispatch from Jackson, Miss, on the 7th instant, says planters and farmers along the western border of the State, south of Natchez, now appreciate the fact that they are up against the boll weevil and declare that he has already done them serious injury. Some of them place the damage as high as thirty per cent. and yet the presence of the insect has been known for certain only two weeks. This leads to the impression that the pest has been there the greater part of the season and that it has covered a much larger territory than at first reported by the experts who found him near the Mississippi river.

Farmers as far east as Hinds county declare they have a weevil, an insect that is doing the same and just as much damage as the genuine Mexican species, and they are not particular about what they are called by the bugologists. Whole fields have been ruined in Hinds and adjoining counties by some insect that bores into the boll and the impression is that it is the Mexican pest. Samples of fine stalks of cotton are exhibited, from which the farmer has picked twelve of fifteen bolls and there yet remain twenty-five or thirty bolls on the same stalk that have been killed by the insect, showing that the crop is damaged at least one-half.

TWINKLINGS.

—Braun—Besides my daughter's dowry, I advanced my son-in-law $2,000.. Goog—And did you get anything back? Braun—Yes, my daughter.

—Mr. Iggs—Is your programme full up, Miss 'Awkins? Miss 'Awkins (under a slight misapprehension)—Not much it ain't. I've 'ad nothin' to eat since I've been 'ere. What time's supper?

—Jones—I want you to see my new card table. Smith—All right, give me the address of the place you got it from. Jones—What for? Smith—If they've got the same thing, it won't cost me so much to look at it there.

—Mrs. De Vere—Oh! my dear Mr. Paynter, my hair is auburn, and not nearly raven black, as you have it in your picture. Mr. Paynter—H'm! Then one of us will have to make an altercation. Shall it be you or I?

—Hostess—Mr. Smith, may I help you to another piece of pie? Guest—No, thank you, Mrs. Jones; I really could not take any more. Little Willie—Then, ma, you said I could have another piece if Mr. Smith left enough!

—A short time ago the headmaster of a boarding school observed one of the boys cleaning his knife on the tablecloth, and immediately pounced upon him. "Is that what you generally do at home, sir?" "Oh, no," replied the boy quietly, "we have clean knives at home."

—Lady—I have given you sixpence, what more do you want? Tramp—I'm afraid that policeman is going to arrest me. Lady—How can I prevent that? Tramp—Just take my arm, and be talking to me lovingly, and he will think I'm your husband and let us pass.

—A clergyman, catechising the children of his parishioners, asked them, "Who is the wickedest man mentioned in the Bible? "Moses," immediately replied one bright little boy. "Moses!" claimed the parson. "How do you make that out?" "Because, sir, he broke all the commandments at once." —New Orleans Picayune.

CURRENT COMMENT.

—They appear to have polled the full Democratic vote in Asheville.—Durham Herald.

—Harry Thaw has engaged as his lawyer the man who nominated Judge Parker; and everybody knows what happened to Parker.—Atlanta Journal.

—The president has made it plain again that he merely wants to chasen the railroads, not chase them.—Atlanta Journal.

—According to reports Salisbury is the next morally stunted community marked for slaughter.—Durham Herald.

—The Governor should relieve Auditor West of the burden of carrying all those injunctions about the State. He might permit some of them to be served on the rural blind tigers.—Charleston Post.

—Newbern should now organize a "25,000 Club," having for a definite purpose the securing of a population of twenty-five thousand for this city within the next five years. It can be done.—Newbern Sun.

SPECIAL TO SUBSCRIBERS.

Advance in Rates of Subscription Beginning October 1st.

Beginning October 1, the subscription rates of The Morning Star will be as follows:

By Mail—One year, $6.00; six months, $3.00; three months, $1.50; two months, $1.25; one month, 75 cents.

By Carrier—Delivered in any part of the city, 50 cents per month either by the month or year.

This moderate advance has been deferred until it has become absolutely necessary on account of the largely increased cost involved in the production of newspapers.

For many years the subscription price of The Morning Star has been lower than that of any other paper of its class in the State.

Hard Times in Kansas.

The old days of grasshoppers and drought are almost forgotten in the prosperous Kansas of today; although a citizen of Codell, Early Shamburg, has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." The safest and most reliable cough and cold cure and lung and throat healer ever discovered. Guaranteed by R. R. Bellamy's drug store 50c and $1.00. Trial bottle free.

KIDNEY TROUBLES

MISS KATE A. HEARN

The kidneys are essential organs for keeping the body free from impurities. If they should fail to work death would ensue in very short time.

Inflammation or irritation caused by some feminine derangement may spread to some extent to the Kidneys and affect them, The cause can be so far removed by using Lydia E. Pinkham's Vegetable Compound that the trouble will disappear.

When a woman is troubled with pain or weight in loins, backache, swelling of the limbs or feet, swelling under the eyes, an uneasy, tired feeling in the region of the kidneys, she should lose no time in commencing treatment with

Lydia E. Pinkham's Vegetable Compound

It may be the means of saving her life. Read what this medicine did for Kate A. Hearn, 520 West 47th Street, New York, who writes:—

Dear Mrs. Pinkham:—"I owe a debt of gratitude to Lydia E. Pinkham's Vegetable Compound for it has saved my life. I suffered with Kidney trouble, irregularities and painful periods, and my blood was fast turning to water. I used your medicine for some time and it has made me strong and well."

Lydia E. Pinkham's Vegetable Compound made from native roots and herbs cures Female Complaints, such as Falling and Displacements, and Organic Diseases. Dissolves and expels Tumors at an early stage. It strengthens and tones the Stomach. Cures Headache, General Debility and invigorates the whole system. For derangement of the Kidneys in either sex Lydia E. Pinkham's Vegetable Compound is excellent.

Mrs. Pinkham's Invitation to Women

Women suffering from any form of female illness are invited to write Mrs. Pinkham, at Lynn, Mass., for advice. It is free.

SPIRITS TURPENTINE

—Fayetteville, Oct. 9: After long delay the mail connection at Maxton is now restored all right. The people of this city rejoice greatly in this fact, having suffered so long because this connection was not made.

—Eastern Carolina News: Another bank is organized at Mount Olive to start business on January 1st. Some of the leading citizens of that good town and community are behind the movement. It will be known as the Citizen's Bank.

—Fayetteville Observer: A member of the carnival company, which showed in Dunn last week, and which spent Sunday in Fayetteville, killed a negro just before the company left Dunn Saturday night. The murderer has not yet been captured. It is said that he was in Fayetteville with the company, but his whereabouts was securely concealed.

—Pender Chronicle: The County Commissioners of Pender and Duplin will have a joint meeting at Rock Fish, where the railroad crosses the same, on Saturday, the 19th instant, for the purpose of conferring together on the subject of a bridge at some point along there where it is proposed to build a new road from Willard to Wallace.

—Boston, Mass., Oct. 9: Among the passengers arriving here today on the British steamship Seneca, from Hankow, were two Philippine youths. One of them, Pedro Torrefranca, son of a rich native merchant at Cebu, is on his way to St. Mary's Catholic College, at Belmont, N. C. The other Nicaso Naquilan, of Iloilo, will study at St. Barnard's College, Rochester, N. Y. Both are very bright young men.

—Winston-Salem, Oct. 9: In Superior Court yesterday afternoon the jury brought in a redict of guilty against Mamie Shore, a negress, charged with poisoning with intent to kill the family of C. F. Moister, of Salem, on the night of August 15th. Sentence has not yet been passed. There was no direct evidence against the woman and the verdict is a surprise to many who heard the testimony. The Shore woman was cook for the family of Moister.

—Clarkton Express: An election has been called for this place the 19th of November to vote a special tax for a graded school. The territory embraced includes that portion of Brown Marsh township lying south and west of Brown Marsh swamp, with the exception of a small district lying in the western corner of the township. The trustees of the Academy at this place have agreed to sell that building to the county for the small sum of fifteen hundred dollars. The building cost nearly $4,000.

—Clarkton Express, Oct. 10: Mr. Shade Whoten died at his home six miles south of this place early yesterday morning. He was 79 years of age and had been very feeble for several months. Mr. Wooten married Miss Elvira Davis, of Bladen county, who survives him. In June of this year they celebrated the fiftieth anniversary of their marriage. He leaves nine children and a large number of grandchildren and great grand children. The burial was at the family cemetery near his home yesterday afternoon.

—Fayetteville Observer: The Fayetteville Gun Club will have a great tournament at the Fair Grounds on Tuesday, the 29th, to which will be invited not only the notable shots of this section but of the world. Mr. Frank Lawrence, of New York, and Mr. J. A. DesPortes, of Columbia, S. C., representing the Winchester Arms Company, are in the city today, making arrangements with the Fayetteville Gun Club and the Fair Association to have five of the world's greatest shots present at the Tournament to give exhibitions of their marvelous shooting. They will also shoot in all the competitions, but will be debared from the prizes.

—Salisbury. Ct. 9.: Mr. F. L. Robbins is now operating his mercerized damask mill, which was started up last week and given preliminary work enough to get it into shape. It is comparatively a new thing in North Carolina, but two other towns of the State having such an enterprise. The business takes on a pretty sentiment in its christening and a tribute in its nomenclature to Mrs. Robbins, who is remembered in the State as the unusually beautiful Miss Grace Gibson. Mr. Robbins has incorporated his manufactory as the Grace Mills. He is president and treasurer of it. It is now turning out handsome work with eighteen machines running and weaving ten different designs. This capacity is to be doubled as fast as the Jacquard looms are adjusted and power put to them. His product has found a ready market already.

CLEANLY WOMAN.

Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

—Mr. J. D. Orrell, of Columbus county, was among yesterday's arrivals in the city and is being pleasantly greeted by many friends in Wilmington.

—Fire Chief Charles Schnibben, of the Wilmington department, returned to the city yesterday. On his return the North he stopped over in Washington to attend the National convention of steam fire engineers.

—Dr. Joseph M. Buthe, chief surgeon of the Seaboard Air Line with headquarters in Petersburg, Va., and Dr. Gray G. Holladay, of the company at Portsmouth, Va., are in the city as witnesses for the railroad in the Bowen damage suit.

—The many friends of Colonel W. J. Woodward in this city and throughout the State will regret to know that he is in extremis. He was hardly expected to live through last night, his condition giving no hope at all to those who are waiting so anxiously at his bedside.

—Messrs. W. A. Fowler and J. H. Schroeter, of Atlanta, were in the city yesterday calling on the printing trade and were most welcome visitors at the Star office. Mr. Fowler is now manager of the Keystone Type Founder's Southern branch at Atlanta and is very popular in this territory.

Rocky Point Store Entered.

The store of Mr. J. C. Jones at Rocky Point was entered by burglars night before last and a lot of clothing, shoes and other articles from the stock were carried away. Yesterday morning a brand new brace and bit was found on the front porch of the store, this having been used in effecting an entrance. It was learned in Wilmington during the day that the brace and bit had been purchased the morning previous from Messrs. J. W. Murchison & Co., of this city, by a slim white man whom the officers are trying to locate.

A Successful Hunt.

Hon. B. J. Sanderlin, who is considered by his friends the logical and probable candidate for the governorship, left the happy hunting grounds of his native county, Bladen, to join a party of gentlemen of this city in a deer drive yesterday. He succeeded in killing two fine bucks. Mr. Sanderlin always enthusiastic in everything he undertakes, as usual, made a success of his outing and promises at some time in the near future to again show the local sportsmen how to bring down the "monarch of the forest."

"Children's Hour" at Library.

The attention of parents and the little folks is called to the fact that the "Children's Hour" at the Public Library will begin this afternoon promptly at 5 o'clock and each Friday afternoon during the Winter at an hour to be named from week to week and as will best suit the convenience of all. The hour will be found quite entertaining and instructive for the little tots and it is hoped there will be a large attendance. All are most cordially invited.

"PEGGY FROM PARIS."

George Ade's Funny Musical Comedy Here Monday Night.

"Peggy From Paris," George Ade's musical play, is coming to this city and will be the attraction at the Academy Monday night. Of all the recent musical successes, "Peggy from Paris" is one of the most notable. It ran four months in New York, five in Boston and three in Chicago. This is the best proof that could be offered of its entertaining qualities. If the opinions of the critics and the public in those cities and in every other in which "Peggy from Paris" has been presented, can be taken as a guarantee, this play is particularly strong in wit, humor, originality and novelty. The very mention of Mr. Ade's name as the author is proof of the laughter creating elements of the piece. There are droll characters and funny complications from first to last. Indeed, "Peggy from Paris" is a mirthmaker. All the persons in the play and everything they say and do is amusing. Then there is delightful music, which was written by William Loraine. There is a great variety to the melodies, but all are bright and catchy and of the kind that tinkle in memory after the hearer leaves the theatre. The chorus numbers are especially effective. They are bright and spirited and they combine movement and melody, for graceful and fanciful dances accompany the verses. Take a succession of pretty airs and have them sung by a score of pretty girls in strikingly picturesque costume and there is something worth listening to and seeing. Add to this an interesting story, a company of skilfull comedians, a fund of comedy and there is about all one could ask for in a musical play. "Peggy from Paris" offers all this and more, for there is beautiful scenery and a series of admirable stage pictures. Helen Byron, said to be the prettiest "Peggy" of them all, will be seen in the title role.

Seats will be on sale tomorrow morning at Plummer's.

"UNIVERSITY DAY."

Will Be Celebrated With Banquet at Colonial Inn Tonight.

The Wilmington alumni of the University of North Carolina will celebrate "University Day" with a banquet at the Colonial Inn tonight beginning at 8:30 o'clock. "University Day" is a regularly established institution of the University and it is celebrated each year in every town or hamlet where even two or three former students of their alma mater are gathered together, the idea being to keep the University spirit alive wherever its sons are dispersed abroad. The celebration in Wilmington has been arranged by a committee composed of Louis Goodman, Esq., chairman; Preston Cumming, Jr., Esq., Dr. Pride Jones Thomas and Mr. Joseph W. Yates. There will be no special set speeches, but informal talks will be made by several of the University men in the city. Mr. Eugene S. Martin will probably preside as toastmaster.

Crossing in Bad Condition.

Those who went out to the races at the old Fair Grounds yesterday afternoon are complaining loudly of the condition of the Atlantic Coast Line crossing over the Castle Haynes road. The planking has been torn up and some say that it is simply dangerous to attempt to cross there. Steps are being taken to call the matter to the attention of the higher railroad authorities.

Killed a Big Rattler.

Chief Engineer John Sweeney, for whom the road roller is named and who enjoys other distinctions locally besides presiding over the destinies of the pumping station of the Clarendon Water Works Company at Hilton Park, brought in a good snake story last night. While some men were working over the river from the pumping station yesterday Mr. Sweeney says that one of them, Josh Jocelyn, killed a rattlesnake that had "twelve rattles, a button and a needle and thread." All members of the Ananias Club are asked to take note of the incident..

JOHN MITCHELL RESIGNS.

Congressman May Succeed Him as Head of Miners.

(By Wire to the Morning Star.)

Indianapolis, Ind., Oct. 10.—John Mitchell, president of the United Mine Workers, announces in the current issue of the United Mine Workers Journal that he will not be a candidate for re-election as president. He says in his announcement that he does not regard himself as well enough to attend properly to the office.

Wilkesbarre, Pa., Oct. 10.—The news from Indianapolis that John Mitchell, president of the United Mine Workers of America, had announced that he will not be a candidate for re-election because of the state of his health caused regret among the union mine workers and their sympathizers through the anthracite coal regions.

Mr. Mitchell, who led the miners to victory in the great strikes of 1900 and 1902, is exceedingly popular with the working men of the hard coal fields, and many expressions of disappointment were made when the news spread through the regions. The mine workers have often heard rumors that he intended to give up the presidency of the organization and today's report was at first not believed.

If President Mitchell cannot be induced to reconsider his decision to not again be a candidate for the presidency, it is expected that the mine workers of the anthracite region will nominate Thomas D. Nicholls, of Scranton, Pa., president of District No. 1, as their candidate for the office.

Mr. Nicholls last November was elected to Congress and will take his seat in December. Mr. Nicholls has several times been mentioned as a candidate in the event of Mr. Mitchell's retirement.

WAS STANDARD OIL TRICK

Loans of Over $20,000,000 Falsely Charged to P. H. Trainor.

(By Wire to The Morning Star.)

New York, Oct. 10.—Loans of over $20,000,000, which the books of the Southern Pipe Line Company show, were made to P. S. Trainor between 1899 and 1905 became more puzzling of solution to Frank B. Kelloggs, conducting the Federal suit against the Standard Oil Company today, when Mr. Trainor taking the witness stand in the oil suit, testified that the money had never been paid to him, and that he had never heard of the account. The Southern's books show that unsigned vouchers were received for those loans and that the money was never paid back to the company. Mr. Kellogg called Mr. Trainor's attention to the various loans amounting to over $20,000,000 which were made by the Southern Pipe Line Company and charged to "P. S. Trainor, and asked him to tell all he knew concerning the loans.

"I do not know anything about these loans," answered Mr. Trainor. "I had an oil account with the Southern Company but no money account. I never gave them any vouchers and never heard anything about the loans."

Mr. Trainor said that he fixed the price paid for crude oil after consulting with John D. Archbold, vice president of the Standard. These consultations were held daily, Mr. Trainor said, and after they were over he made public the market price of oil.

NO MIDDLE MAN IN COTTON

Foreign Spinners and Growers Will Deal Directly.

(By Wire to The Morning Star.)

Atlanta, Ga. Oct. 10.—Immediate and practical results of the International Conference of Cotton Growers and Spinners which closed yesterday, developed today in a conference held by the executive board of the Farmers' Educational and Co-operative Union, and H. W. MacAlister, of Manchester, England, one of the chief experts on spinnable grades of cotton, with the European delegation to the late conference. The object of the conference was to perfect and as speedily as possible to agree upon terms whereby the growers of the union could deal direct with the European consumers. It was stated by the union's officers that already the union had arranged to locate an agent in England; that a central agency had been established in Memphis and that this office will notify the European agency of all cotton ready for sale. Mr. MacAlister guaranteed that all cotton offered would be bought. He explained, however, that the cotton offered by the union must conform with the grade sold, and that the baling and compressing must be in accordance with the terms adopted by the conference. This was agreed to.

THREE MEN WERE KILLED.

Derrick in Construction of Bridge Fell—Several Injured.

(By Wire to The Morning Star.)

Cleveland, O., Oct. 10.—Three men were killed and several others seriously hurt, two of whom are thought to be fatally, but the falling of a derrick, today, where a new bridge is being erected for the New York and Chicago Railroad. The dead are, F. T. Beahl, of Conneaut, O., trainmaster eastern division of New York Nickle Road. J. S. Yates, of Cleveland, superintendent in charge of the work. Albert Furrer, a watchman, Cleveland, O.

While lifting an eleven-ton girder it became unbalanced and knocked the derrick over upon the men below.

Arthur Johnson, the colored pugilist who recently defeated Robert Fitzsimmons, was yesterday arrested in Chicago as he was about to board a train for San Francisco on the charge of obtaining money by false pretenses. The complainant was Thornton Williams, of Chicago, who declared that Johnson passed a worthless check on him two years ago. Johnson was arraigned in the municipal court and the case was continued till today.

IT MEANS CENTRALIZATION.

William J. Bryan Rejects Roosevelt's National Corporation Proposition.

(By Wire to The Morning Star.)

Cincinnati, O., Oct. 10.—Opposition to President Roosevelt's suggestion of national incorporation of railroads was declared in an interview here today by William J. Bryan, of Lincoln, Neb.

Mr. Bryan said:

"The national incorporation of railroads as proposed by President Roosevelt is the most far-reaching step for centralization proposed in this country since Hamilton submitted his plan of government. Hamilton provided for a President and Senators to be elected for life and for the appointment of State governors by the National government to serve for life. The President's plan contemplates the national incorporation of railroads and other corporations doing an inter-State business. The result would be to extend greatly the powers of the general government and proportionately reduce the authority of the States. The President is no doubt actuated by the same sincere motives that Hamilton was, but like Hamilton, he seems to believe that the further we get government away from the people the better it is. I am satisfied that his plan will not be accepted. In fact, two official bodies have recently taken the other side. The attorneys generals at St. Louis prepared a memorial asking for restriction of the jurisdiction of the lower Federal courts, and this morning's papers report that the State railroad commissioners have expressed opposition to national incorporation."

EPISCOPAL CONVENTION.

Five Millions of Dollars Wanted for Negroes of South.

(By Wire to the Morning Star.)

Richmond, Va., Oct. 10.—Both of the supreme bodies of the Protestant Episcopal Church of America, in triennial convention here, wrestled all day long with church problems and the meetings of the auxiliary organizations, notably the conferences of Sunday School workers, added to the interest in the great gathering. Measures providing for uniting the dioceases and missionary districts into provinces, changes in the boundaries of western districts and dioceses, a change in the status of Brazil from an independent jurisdiction to a missionary district of the American church, were among those adopted by the House of Bishops. The House of Deputies was occupied with committee reports and proposed amendments to canons. The work of the delegates has preceeded sufficiently to permit the reaching of an agreement between the two houses today for an adjournment of the convention on October 19.

The Bishop of Montana asked the convention to raise $5,000,000 for work among the negroes in the South, and Dr. Carl Grammar, of Philadelphia, gave notice he would call up the matter of work among the negroes tomorrow. Further than this the negro question was not discussed in the general convention today.

NEARLY 800 LIVES IMPERILLED.

Steamer in Mid-Ocean on Fire During Violent Storm.

(By Wire to the Morning Star.)

New York, Oct. 10.—The Austrian steamer Giulia, which arrived today from Triests with 763 passengers had a narrow escape from destruction by fire in mid-ocean during a violent storm on October 3. The crew fought the flames all day before they were extinguished, while the panic stricken passengers prayed for help. At the moment the condition of the Giulia was most desperate and the energy of every man was required to fight the fire several of the crew abandoned their posts and began to lower one of the ship's boats. The first officer headed off the little panic by threatening to shoot the first man to start to lower the boat. The men returned to their work, in which many of the men in the steerage were compelled to assist them.

NEW IMMIGRANT MOVEMENT.

Steamship Line From Europe to Norfolk Proposed.

(By Wire to the Morning Star.)

Norfolk, Va., Oct. 5.—Governor Swanson, of Virginia; Governor Glenn, of North Carolina, and the heads of all railroads entering the port of Norfolk have been invited to meet at Norfolk October 22 to discuss the question of bringing desirable immigrants from Northern Europe into Virginia, North Carolina and the South generally by means of a new European steamship line from Norfolk, which it is hoped to have established through the aid of the railroads.

ROOSEVELT'S BEAR HUNT.

Hasn't Found Any But Brought Down Fine Buck.

(By Wire to The Morning Star.)

Stamboul, La., Oct. 10.—A courier who arrived from the President's camp on the Tensas river late today, reported that the President had killed a fine buck, but otherwise the hunt today was barren of result. The animal was brought down from a long distance and fell after the first shot. The condition of the ground is much improved since the rain and the weather is still cool enough to render the exercise delightful to the President.

GOV. HUGHES IGNORES JEROME.

Will Appoint Special Attorney Over His Head.

(By Wire to The Morning Star.)

New York, Oct. 10.—The Evening Post says today: "There was a report in financial circles today that Governor Hughes had decided to appoint a special district attorney to act on traction matters over Jerome's head. An attempt to verify the rumor resulted in obtaining confirmation from a man high in the business world, generally well informed uniformly reliable.

Jamestown Exposition, Oct. 10.—Governor Hughes was told tonight of the rumor that he would appoint a special attorney to supplant District Attorney Jerome in the prosecution of the New York City traction matter. He declined to comment on the matter in any way.

Danderine

Grew Miss Carroll's Hair

AND WE CAN

PROVE IT!

Beautiful Hair

—AT—

Small Cost

WITHIN the last decade great and rapid strides have been made in Materia Medica. Many diseases that were considered incurable fifteen years ago are now cured in a few days, and in many cases prevented altogether. The scientists of late years have been searching for the cause, the foundation, the reason and starting point of disease, fully realizing that the actual and true cause must be ascertained before a remedy can be created Hair troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thing to be treated, for the reason that it is simply a product of the scalp, and wholly dependent upon its action. The scalp is the very soil in which the hair is produced, nurtured and grown, and it alone should receive the attention if results are to be expected. It would do no earthly good to treat the stem of a plant with a view of making it grow and become more beautiful—the soil in which the plant grows must be attended to. Therefore, the scalp in which the **hair** grows must receive the attention if you are to expect **it** to grow and become more beautiful.

Loss of hair is caused by the scalp drying up, or losing its supply of moisture or nutriment, and when baldness occurs the scalp has simply lost all of its nourishment, leaving nothing for the hair to feed upon (a plant or even a tree would die under similar conditions).

The natural and logical thing to do in either case, is to feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended it should.

Dr. Knowlton's DANDERINE has a most curious effect upon the hair glands and tissues of the scalp. It is the only remedy for the hair ever discovered that is identical with the natural hair foods or liquids of the scalp.

It feeds and nourishes the hair and does all the work originally carried on by the natural nutrients or life-giving juices generated by the scalp itself. It penetrates the pores of the scalp quickly and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities.

One twenty-five cent bottle is enough to convince you of its great worth as a hair growing and hair beautifying remedy—**try it and see for yourself.** Now on sale at every **Drug** and **Toilet Store** in the land. Three sizes,

NEW YORK STOCK MARKET.

(By Wire to The Morning Star.)

New York, Oct. 10.—There was some further urgent liquidation conducted at the Stock Exchange today, which caused violent declines in many sections of the list of securities, although at others some show of stability was made, partly because necessary liquidation in some stocks has already been effected partly by reason of buying by uncovered shorts who had followed the preceeding decline and partly, it was assumed, by reason of supporting measures placed in the market by friends of various securities.

It was reported that in some loans that were maturing severe discrimination was exercised against some of the industrial stocks which figured as collateral. The motions for this cleaning up prices were not indicated by any immediate news of the day, but the condition of the money market and the prospect of additional strain there was believed to lie back of the action. The fact that call money holds firmly near six per cent., as it has done since the first of the month in itself, proves discouraging to the carrying of quiescent accounts.

An incident was the heavy selling of United States Steel preferred, which carried it down to a level where the rate of dividend return is higher than on the common stock. The notable feature of the market was the resistance offered by some of the stocks which are favorate mediums of the most active speculation, and which ended the day at substantially higher prices than last night. Bonds were heavy. Total sales, par value, $1,542,000. United States bonds were unchanged on call. Total sales of stocks today, 668,100 shares.

THE COTTON MARKET.

(By Wire to The Morning Star.)

New York, Oct. 10.—The Cotton market was weak and unsettled during today's trading and closed barely steady at a net decline of 24 to 28 points. Sales were estimated at 300,000 bales.

The opening was steady at a decline of 3 to 4 points, which was about as due on the cables. The loss was increased slightly during the early session by liquidation and Wall Street selling, which was encouraged by the failure of the weather map to show low enough temperatures to cause damage to the plant, but during the morning aggressive pressure was held in check by the bullish character of private cables from Liverpool, which predicted an advance on the good grades, and firmness of Southern holders. Liverpool's spot sales were large enough to attract attention, but local sentiment seemed to be bearish on the expectation of lower spot markets. December maintained a premium of about 6 or 7 points over January.

Receipts at the ports today were 44,195 bales, against 25,587 last week, and 50,797 last year. For the week, 225,000 bales, against 217,697 last week and 344,541 last year. Today's receipts at New Orleans, 4,538 bales, against 6,832 last year, and Houston, 7,733 bales, against 13,825 last year.

Spot cotton closed quiet, 20 points lower; middling uplands, 11.65; middling Gulf, 11.90; sales, 301 bales. Futures opened steady and closed barely steady.

CHICAGO PRODUCE MARKET.

Chicago, Oct. 10.—Wheat prices on the local exchange touched new high records today when the May delivery sold up to 1.11 1-2 and the December option to 1.05 5-8. Cold weather in Argentina was the chief reason for the fresh advance. At the close the December option showed a net gain for the day of one cent. Corn was up 3-8 to 1-2. Ooats were unchanged. Provisions were 10 to 12 1-2 to 50 cents higher.

Leading futures closed as follows:

Wheat—December, 1.05; May, 1.10 5-8; July, 1.03 7-8.

DRY GOODS MARKET.

(By Wire to The Morning Star.)

New York, Oct. 10.—The dry goods market was quiet at first hands today. Prices held steady. The jobbing trade was quiet, as retailers are buying for only immediate needs. The higher priced lines of linens were reported as very well sold for spring but the lower lines are in an unsatisfactory condition. Raw silk holds steady in the market. Larger sales are reported at Yokohama.

Belle of Virginia
BLENDED RYE

When a man goes for a drink of Belle of Virginia Whiskey he hurries because he knows he will have a fine drink, and when he comes away he smiles and smacks his lips because he has had it. Belle of Virginia is a blended whiskey—a rye whiskey carefully and scientifically blended from fine, pure, old whiskies. It's a really good honest article and to those who like a blended whiskey it will give satisfaction clear down to the ground.

Sold at the places where gentlemen go to get a drink.

What's the Use

of paying more for an article through prejudice, than you can buy for less, that's just as good?

Take Whiskey, for Instance.

We make but one charge—just for whiskey—that's all. When you pay more than we ask for our whiskey you are being taxed for something else besides the whiskey.

Now "WHAT'S THE USE" of you paying an excess to anybody for imaginary superiority—when we have the same goods, but are content through immense volumes of sales, to break even on profits—instead of "hikeing up" the price beyond the point of giving you value received.

"CHESTERFIELD" products are "AS GOOD AS THE BEST FOR LESS." That's the reason "CHESTERFIELD" Whiskies are popular.

"CHESTERFIELD NEVER DISAPPOINTS." Full quart $1.00. TRY IT.

SOLID HITTING BEAT DETROIT

Chicago Nationals Win Second Ball Game From Detroit American League Team.

SCORE WAS FIVE TO ONE

National Champions Fell On to Curves of Pitchers for American Pennant Winners — Attendance Only 13,114; Receipts $16,212.50.

(By Wire to the Morning Star).

Chicago, Oct. 10.—The Detroit American League team suffered its second successive defeat at the hands of the Chicago Nationals today, scoring only one run. Chicago tallied five times, four of the runs being the result of solid hitting. Siever started to pitch for Detroit, but the locals took kindly to his curves and batted him out of the box in four innings. Killian then took up the work and was found for three hits and another run in the fifth.

Detroit tried vainly to break through Chicago's defense. Reulbach pitched strongly in the opening innings and when he showed signs of weakening in the fifth and sixth innings his team mates came to his rescue with fast double plays.

For some unexplainable reason the game failed to attract the usual large crowd to the grounds. The official attendance figures made the total 13,114 and the many empty spaces in the extended bleachers, made the gathering appear even smaller than this. At that the crowd was more demonstrative than the big outpouring of Wednesday. Reulbach's brilliant pitching in the early innings and the crashing hits of Steinfeldt, Evers and Sheckard roused the Chicago partisans, while the Detroit contingent cheered the more heartily so that the visiting team might not think itself deserted.

The teams left for Detroit tonight, accompanied by a small army of enthusiasts. Games will be played in the Michigan city tomorrow and Saturday, the Sunday contest being scheduled for Chicago.

The receipts today were $16,212.50 divided as follows: To the National Baseball Commission, $1,621.25; to the players, $9,727.50; to each club, $2,431.85.

The score:

	R	H	E
Chicago .. ..010 310 00*—	5	10	0
Detroit .. ..000 001 000—	1	7	1

Two base hits—Steinfeldt, Evers, 2; Sheckard, Chance. Hits—Off Siever, 7 in four innings; off Killian, in 3 innings. Sacrifive Hit—Kling. Double Plays—Tinker, unassisted; Steinfeldt to Evens to Chance. Left on Bases—Chicago, 6; Detroit, 7. Bases on Balls—Off Reulbach, 3; off Killian, 1. First Base on Errors—Chicago, 1. Struck Out—By Reulbach, 2; Siever, 1; Killian, 1. Time, 1:34. Umpires, O'Day and Sheridan.

JAMESTOWN EXPOSITION

Governor Hughes One of Speakers Empire State Day.

(By Wire to the Morning Star.)

Norfolk, Va., Oct. 10.—Empire State Day was celebrated today at the Jamestown Exposition, addresses by Governor Hughes, of New York, and President Schurman, of Cornell University, being the features of the observance. The weather conditions were ideal.

The day's events began when Governor Hughes and the forty New York State officials left the New York building under escort of the visiting New York troops for the auditorium where the formal exercises occurred. There Governor Swanson, of Virgina; President Tucker and others received the New York visitors, and the two governors, arm-in-arm, proceeded to the stage. State Senator Dunn, of New York, president of the New York Jamestown commission, presided. Addresses of welcome by President Tucker and Governor Swanson were followed by the speech of Governor Hughes.

A public reception by Governor Hughes and a buffet luncheon concluded these exercises. The official exposition dinner at the Swiss village followed and then came the military feature of the Lee parade grounds. A brilliant reception occurred at the New York building from 9 to 11 o'clock tonight.

TO LEAVE NATIONAL GUARD

Savannah's Ancient Company Resumes Independent Organization.

(By Wire to The Morning Star.)

Savannah, Ga., Oct. 10.—The Savannah Volunteer Guards', battalion of heavy artillery, which is more than a hundred years, has unanimously voted to leave the National Guard because of the passage of the Dick bill at the last Congress, which required State militia to correspond in organization with the regular army. The battalion will continue as an independent organization.

Washington, Oct. 10.—The disbanding of the Savannah Heavy Artillery has served official attention to the fact that so far during the present year no less than seven companies of the Georgia militia have gone out of existence. They are companies A, H, B, and D, Fourth Iinfantry, company H, Second Infantry, and company I, Third Infantry. All of these disbandments followed the official inspection by officers of the regular army detailed for that purpose, and the report of the Adjutant General shows that not a single Georgia company or troop or battery was found to conform to the United States army organization, and, in fact that, in a majority of the States, there was lack of conformity.

DIZZY HEIGHT FOR STEEPLE JACK

Ernest Cappelle Climbed Flag Staff Over Seven Hundred Feet From Ground.

THOUSAND WATCHED HIM

Daring Man Attached Steel Globe to Flagstaff and Pasted Gold Leaf On It—Had to Make Several Attempts.

(By Wire to the Morning Star.)

New York, Oct. 10.—A new record for steeple jacking was made today when Ernest Cappelle climbed up the flagstaff of the Singer building and clamped a gilded globe to the top of the staff, 703 feet above the ground. Thousands of people along Broadway and other down town streets stopped to watch the daring little man as he made the perilous ascent, while thousands more viewed the novel sight from the windows of the big office buildings in the vicinity. Cappelle made his appearance on top of the tower accompanied by an assistant, who remained at the base of the flagstaff. With the assistance of a rope which dangled from a pulley at the top of the staff Cappelle began the climb and after several attempts, finally reached the top about an hour later. The staff is 96 feet 3 inches long. Sixty-two feet three inches of this is above the pinnacle of the tower while 34 feet feet of it is firmly supported inside. The staff is 10 3-4 inches in diameter at the base, 9 3-4 inches at the tower and 5 5-8 inches at the top, where Cappelle clamped the steel globe, which is 12 inches in diameter.

Working at the dizzy height, Cappelle pasted gold leaf on the globe until the watching crowds below could see it glistening in the bright sunlight.

Occasionally Cappelle swayed to and from at his work, exciting fears among the thousands of watchers that he would fall. Cappelle remained at the top of the pole for about an hour, sitting in a bosun's chair slung from the signal halyards.

An east wind was blowing, but apparently did not hinder the steeple climber as he worked his way slowly down the staff.

SUICIDE FOLLOWS MURDER

Chicago Church Arganist Brooded Over Death of Mrs. Hollister.

(By Wire to The Morning Star.)

Chicago, Ills., Oct. 10.—The body of Miss Jennie L. Stevens, of 3921 Langley Avenue, formerly organist in the Wesley Methodist Episcopal Church, was found floating in the Chicago river today near the Halstead street bridge. The head, face and shoulders were cut and bruised, and there are other indications that the woman had been killed and thrown into the river. It is known, however, that Miss Sevens has been for several months mentally unbalanced, because of her brooding over the murder of Mrs. Bessie Hollister, for which Richard Ivens was hanged last year. Miss Stevens was a warm friend of Mrs. Hollister and had been greatly depressed ever since the death of the latter.

The last seen of Miss Stevens alive was last night, when she approached O. J. Hogbaum in a nervous and excited manner and asked the way to 29th and Halstead streets. Hogbaum informed the police today that, while they were talking, a man who overheard the conversation stopped and offered to show Miss Stevens the way, and they walked off together. The watch of Miss Stevens and other jewelry was on her person when the body was taken from the river. There is nothing in the case so far to determine whether it is a case of suicide or murder.

The autopsy showed that death was caused by drowning, and coroner's physician Rinehart declared that Miss Stevens had committed suicide.

TO FIGHT UNION LABOR.

Boiler Manufacturers Will Resist Unjust Demands.

(By Wire to the Morning Star.)

Atlanta, Ga., Oct. 10.—At the closing session of the American Boiler Manufacturers' Association this afternoon one of the important questions was that of dealing with organized labor. It was decided to unite in fighting the unjust demands of these employees.

Captain Thomas M. Rees, of Pittsburg; Colonel E. D. Moier, of New York; H. J. Hartley, Cramp Shipbuilding Company, of Philadelphia; J. D. Farasey, Cleveland; M. A. Ryan, Duluth, Minn., and John J. Finnegan, Atlanta, took part in the discussion.

The Association also declared against what is designated as unjust interference of government inspectors and mechanical engineers who are charged with acting as attorneys and in legal advisory capacities with purchasers, to the detriment of the business of the manufacturers. The convention ended with a banquet tonight.

CHINESE SAILORS EMPLOYED

Will Supplant Norwegians in Fruit Steamers.

(By Wire to the Morning Star.)

Mobile, Ala., Oct. 10.—Nearly all vessels in the Central American Fruit Trade, it is said, in the next few weeks replace their Norwegian crews with Chinamen. About 80 per cent. of the steamers are chartered from Norwegian owners, who, it is said, have concluded that owing to the unsatisfactory labor of their countrymen, their unreliability, intemperate habits and the increasing number of desertions, partly on account of interference of boarding house runners, they will no longer employ them. Each ship will sign porbably 35 men, bringing the total number of Chinese to 1,050.

ARTIC STEAMER LOST IN ICE

Noregian Steamer Frithjof Crushed Off Coast of Iceland, October 5th.

SIXTEEN MEN DROWNED

Only Engineer Escaped by Drifting Ashore on Plank—Ill Fated Ship Carried Walter Wellman Expedition to Spitzbergen.

(By Cable to The Morning Star.)

Copenhagen, Oct. 10.—The Arctic steamer Frithjof, which accompanied the Wellman-Chicago Record-Herald expedition to Spitzbergen, was lost off Cape Lauganes, Iceland, October 5. The captain and fifteen of her crew were drowned. The engineer clung to a plank, on which he drifted ashore. The Frithjof was homeward bound to Norway, having been dragged by ice, and consequently was unable to withstand a storm which she encountered off Cape Lauganes.

New York, Oct. 10.—The Arctic steamer Frithjof, which was lost with her captain and fifteen of her crew off Cape Lauganes, on October 5, was regarded as the real veteran of the Arctic exploration service. She had been under charter many times in Arctic work and was the most widely known of all the Norwegian steamers engaged in similar enterprises. The Frithjof was used by the expedition sent out in 1901 by William Ziegler to search for the North Pole, as a companion ship of the steamer America, and after returning three years later went back on what proved to be an unsuccessful attempt to carry relief to the party aboard the America.

MRS. CASSIE CHADWICK DEAD

Passed Away in Ohio Penitentiary. Was Bank Wrecker.

(By Wire to The Morning Star.)

Columbus, O., Oct. 10.—Mrs. Cassie Chadwick, whose amazing financial transactions culminated in the wrecking of an Oberlin, Ohio, bank, died in the women's ward at the Ohio penitentiary tonight at 10:15. Mrs. Chadwick had been in a comatose condition for some hours previous to her death and the end came peacefully. No friends or relatives waited at her bedside, only the prison physician and hospital attendants being present. Her son, Emil Hoover, had been summoned from Cleveland, but he was not expected to arrive before tomorrow.

Mrs. Cassie L. Chadwick, whose maiden name was Elizabeth Bigley, was a native of Woodstock, Canada. She first came into public notice in Toledo, O., about 20 years ago, where she told fortunes, under the name of Madame Deviere. While in this city she forged the name of Richard Brown, Youngstown, Ohio, and for this crime was sent to the penitentiary at Clumbus for nine years.

She served but a portion of this sentence and then located in Cleveland where she married a man named Hoover. Her second husband was Dr. LeRoy S. Chadwick, of Cleveland, a man of good family and excellent standing in his profession.

In the latter part of 1902, or early in 1903 Mrs. Chadwick in the presence of her husband, gave to Ira Reynolds, the cashier of the Wade Park Bank, of Cleveland, a box containing notes signed with the name of Andrew Carnegie. These forged notes are alleged to have amounted to $7,500,000. Reynolds gave a receipt for the papers, which described the notes and the signatures upon them. Mrs. Chadwick left with Reynolds as an explanation of the notes, the statement that she was a natural daughter of Carnegie. With the receipt of Reynolds in her possession, Mrs. Chadwick went to different banks and many capitalists making loans and paying not only high interest to the banks but heavy bonuses to bank officials who loaned her money. The extent of these transactions will never be fully known but they ran up into the millions. They involved men of high standing in the financial world and caused heavy losses to many banks.

In November, 1904, she was sued by a man named Newton, of Brooklyn, Mass., from whom she had borrowed a large amount. Other creditors came down upon her and soon she was arrested by the Federal authorities on the charge of conspiring with Charles Beckwith, president and A. B. Spear, cashier of a national bank at Oberlin, Ohio, which had been substantially looted. Mrs. Chadwick had obtained from this institution such large sums that it was compelled to close its doors, causing heavy losses to the depositors and ruining many of them.

Mrs. Chadwick, Beckwith and Spear were indicted for a variety of offenses against the national banking laws. Beckwith died before coming to trial. Spear pleaded guilty, was sentenced to seven years in the penitentiary and is now serving time at Columbus, O., Mrs. Chadwick was brought to trial March 6, 1905 and after a hearing which lasted two weeks was found guilty of conspiracy to defraud a national bank, and was sentenced to ten years in the penitentiary.

Her health, which was not good at the time of the trial, failed steadily after its conclusion.

Mrs. Chadwick left one son, Emil Hoover, born of her first marriage. He is now about 20 years old.

The big steamship Lusitania passed Fire Island at 12:07 o'clock this morning and was abreast the Sandy Hook lightship at 1:25 A. M., making the time for the trip across the ocean four days and twenty hours. This heads all records.

HARTJE SCANDAL AGAIN

Probably Cold Enough in Pittsburg to Drag it Out.

(By Wire to the Morning Star.)

Pittsburg, Oct. 10.—"I am happy in the thought that nothing can ever force me to live with Augustus Hartje again. Does he expect me, innocent as I am, to admit that I am guilty? I would not think of such a thing if he were ready to give me every dollar of his fortune. Mr. Hartje has made me four different offers of settlement since I have been at Ligonier. The last one was a positive offer of $10,000 a year for the rest of my life."

These words are credited in an alleged personal interview today to Mrs. Mary Scott Hartje, one of the principles in the Hartje divorce case. The interview published here is alleged to have been obtained last night at Ligonier, Pa., where Mrs. Hartje has been living during the Summer. John M. Freeman, counsel for Mrs. Hartje, said he knew of no interview and had authorized none.

ROOSEVELT'S GUIDE IS INSANE.

Furious Ride With President When McKinley Was Assassinated.

(By Wire to the Morning Star.)

Ogdensburg, N. Y., Oct. 10.—Michael Cronin, one of the President's Adirondack guides, has been adjudged insane and brought to the State Hospital here. It was Cronin who drove with Vice President Roosevelt sixteen miles through the woods of the lower Adirondacks to the nearest railroad station in 1901 when a courier brought him the news of McKinley's assassination. They made the sixteen miles in one hour and forty-three minutes.
